Dear classmate Fan Zhijie :

Congratulations to you / you ! Won the 2022 Summer Overseas Prestigious School Experience Learning Scholarship in the Department of Electrical Engineering. After review and approval by the teachers,  
Your winning amount : 150,000 yuan

**In the past, the guardian consent form was attached with the award notification. This time, in order to notify you in advance to facilitate subsequent registration, the guardian consent form will be sent to you in a separate letter.**

### < Please pay attention to the following important matters and be sure to cooperate !!>

I All award-winning students can start preparing for your / your registration . In order to cultivate the students' spirit of independence and planning for study, the convener of International Affairs has decided that starting from 2016 , the department will not assist with overseas affairs ( such as registration, booking air tickets, study schedule, finding a host family or dormitory, ordering transfer services, payment, etc. ) .

I Please abide by all the regulations of your Chinese and foreign schools while you are abroad.

If an award-winning student changes the course, course or number of weeks he originally applied for summer overseas elite school experience study after review , he must state the reasons for the change in writing, and the department chairperson and review committee may re-examine the award amount. It can only be changed once. Teachers will re-examine the award amount. If they do not accept it, they will give up the scholarship.

The winning students must submit a copy of the course completion certificate / transcript and a learning experience report within one month after the end of the summer overseas prestigious school experience learning activities. They will receive a subsidy from the department for the overseas prestigious school experience learning scholarship. Except for the award amount, all other expenses are covered. At own expense.

If you have difficulty in paying fees and hope to receive the scholarship before going abroad, you can write to me and explain it to me and ask your supervisor to see if it is possible to receive the scholarship in advance before going abroad. Thank you.

Above, congratulations to all of you for winning the award. The award-winning students can start working on it. I hope your experience can serve as a role model for the next generation of students ! Thank you ~

Best regards,  
Sincerely, Jenny Zeng
